ASKS FUNDS FOR SALVATION ARMY

COMMITTEE SETS SUNDAY MORNING AS TIME FOR CONTRIBUTIONS

IS UP TO SERVICE MEN

They Can Show Their Appreciation For Work Done For Them At The Front

The huts: are no more and the doughnut is a thing of memory, but the Salvation Army continues to operate among the men, late of the American Expeditionary Forces, just as it did when the Heinies were sending them over and the lines were going up and coming back.

Because this is true, contributions will be taken at each church of Nodaway County Sunday morning, October 30, for the Salvation Army. The army has no great war chest with which to carry on its work, and it has heretofore made no special appeal for money. The war money was all spent long ago and much that was not war money went along with it. But the Salvation Army believes that the ex-soldiers, and the friends of the soldiers, who were handed a doughnut and a steaming cup of coffee with a cheering word when things seemed blackest over there, will see that the army gets funds to "carry on."

"Let's go over the top!" says the county committee, which is composed of S. H. Kemp, chairman; S. G. Gillam treasurer; Miss Hettie Anthony, Mrs. A. R. Perrin and Henry Westfall.

"Go to church Sunday morning and contribute all you can, the committee urges. "If you cannot attend, send your contribution or hand it to the minister. This is the time for the ex-service men to show their appreciation of work done for them at the front and make it possible for the army to help others.

"The Salvation Army is primarily what its name implies, an army for righteousness and the cause of God in the world. The opportunity is now given to help the army continue its rescue work. Nodaway County's quota is small, only $1200. Let everyone contribute."

For one of the army's peacetime activities, the scene has changed from Flanders to Chicago and the hut has given way to a drab little office just outside of the famous Loop. Signs on the windows carry the legend, "The Salvation Army will Stake a Buddy to a Job," and throughout the length and breadth of the land the legend has found the corner places of America. It threatens to become a universal slogan for the winter ahead and is the first clear ray of light which has shone in the unemployment darkness.

The plan comes direct from the heart of Commissioner William Peart, leader of the Salvation Army Forces in the Central Territory. Made for Chicago alone, and made to meet a great need, it is adaptable and probably will be used extensively in the country.

Plans now are being formulated at Kansas City, headquarters of the Kansas and Missouri division of the Salvation Army, to extend the Chicago system to these states.

Like all Salvation Army operations it is free from the taint of so-called charity, in that it offers a monetary return for services rendered. Not that the return is large, but it is enough to keep a Buddy off the streets at night and to fill his stomach in the daytime. There are no strings to it, and this, too, has a distinct Salvation Army flavor.

In nine words: "The Salvation Army pays ex-soldiers to hunt for jobs."

The pay is one dollar and a half per day. Not enough to be called wages or salary and not enough to permanently attract the ambitious man to the pay roll. It is just what the sign says, a stake until he can land a better job. But unlike the Forty-Niner, the Army is not asking for a return of the stake. It makes no demands on the former fighter, except that he shall go into the highways and byways of Chicago and knock on every door asking for work. To make the task easier, it districts the city and sends each soldier, sailor and marine into a separate location.

His day begins anywhere from 7:30 o'clock in the morning until 9:30 o'clock. If he lives a long way from the office and has no carfare, the time is extended to meet the need. The day's search ends for him at 5:30 o'clock in the evening and the office is kept open for his benefit

Vienna, Oct. 27—Former Austrian Emperor Charles is broke. He and his wife, Zita, pawned all their jewels to raise money for the monarchist coup, which failed ignominiously. BUSINESS MEN'S GYM CLASSES START TONIGHT

Those Seeking More Exercise Will Report Either at High School or College.

The business men's gym class will organize for its winter activities tonight at the College and High School gymnasiums. All men who feel the need of more exercise are expected to report at one of the two places. It will probably be more convenient for those without cars to enroll at the High School, while those who have the means of transportation can more easily get to the College.

Last year about sixty men enrolled at the beginning of the gym class, but only the College gymnasium was available and conditions were overcrowded, and many dropped out. This year, with the two gymnasiums, there will be accommodations for all that enroll.

SWEARENGEN GETS 7-YEAR SENTENCE

JAILBREAKER ENTERS PLEA OF GUILTY TO BURGLARY

SORE ON JOHN DOWDEN

Makes Sensational Charges Against Former Sheriff—Taken To Penitentiary This Afternoon

Irvia Swearengen chronic jailbreaker, was given a sentence of seven years in the penitentiary this morning in circuit court when he entered a plea of guilty to burglary and larceny of the Manchester and Dodds car and some tires from the Skidmore garage over a year ago. He was given five years for burglary and two years for larceny.

Swearengen made a statement to court in which he makes some sensational charges against John F. Dowden, who was sheriff at the time Swearengen escaped from jail. He said he told Dowden he had $356 in a hiding place in Gentry County and that he would pay half of it to Dowden if he would permit him to make his escape from jail. He said Dowden secured all of the money and his escape from the county jail the second time was made after the sheriff had changed the heavy locks on the cell to lighter ones and had then left the jail for a Sunday visit.

Swearengen appears to be very sore at Dowden. He told the authorities that he would have resisted extradition if Dowden had been sent after him.

Two jail deliveries here are charged against Swearengen. His first break for liberty did not last long, but he was more successful the second time and kept his liberty for a little more than a year.

Swearengen was taken to Jefferson City this afternoon by Sheriff Roach and Deputy Gabe Purcell.

Swearingen made an attempt to escape from jail yesterday. With a safety razor blade he was attempting to make a key to unlock the cell. A guard discovered his attempt and sounded an alarm. Swearingen, it is said, made another attempt this morning.

HIGH SCHOOL STUDENTS TO BE GUESTS OF COLLEGE

President Lamkin Invites Them to Attend Football Game Tomorrow—Others Speak at Assembly.

Yesterday was State Teachers College day at the High School. Relations between the two schools were cemented even more firmly at an assembly at which members of the College faculty made talks, and at the close of which President Uel W. Lamkin extended the high school students an invitation to attend the football game tomorrow as guests of the College.

Charles R. Gardner, director of the Conservatory of Music, gave a short talk on the fundamentals of music and led the students in community singing. The College has loaned 150 community song books to the high school until those ordered by the latter are received.

Charles Howard Annett, head of the piano department, played several selections, among them being bits of French and Belgian popular music that he heard while serving overseas with the ninety-first (Wildcat) Division.

W. A. Blagg, president of the Board of Regents, spoke on the close friendship between the High School and College, and President Lamkin then expressed appreciation for the support of the High School students at past football games and announced that free tickets would be given to all who wished to see the game with Palmer College tomorrow.

A pep assembly was held this afternoon under the auspices of the senior class. Among the features was music by "Sousa's Band," with William Gaugh as director, and a chalk talk by Ellis Meek, with caricatures of the school's football stars.

Several students from the High School and College will go to St. Francis hospital tomorrow to visit a member of the football team of Graceland College, Lamoni, Ia., whose leg was broken in two places in the game with the Bearcats here three weeks ago. His leg was put in a plaster cast yesterday, and he will be in the hospital for about a month longer. His visitors will bring with them the moving picture machine of the Chamber of Commerce and two reels of comedy furnished by Kuchs Brothers.

Mellon said he was advised the brewers have large stocks of beer ready. The issuance of the beer regulations has been supported by public opinion, Mellon said, and were issued when he determined there was no legal ground for withholding them.

BEARCATS TO PLAY PALMER COLLEGE

ALBANY TEAM HAS LOST NO GAMES THIS SEASON

M. H. S. PLAYS SAVANNAH

Andrew County Town Sees Best Chance For Victory in Years—Men in Good Shape

Palmer College of Albany will send an undefeated football team to meet the State Teachers College Bearcats on the local gridiron tomorrow afternoon. The visitors have won several games this season and it is reported that they have a strong aggregation of football players. They will outweigh the Bearcats.

However, the local team is much encouraged over the victory of last Saturday and will go into the game with the determination to win. The men are in good shape; and have been having heavy workouts this week. Several new plays have been introduced.

There are several men who are suffering from injuries received last week, but for the most part they are slight. Lundt, a half back, will see the game from the bleachers and in civies as he has not sufficiertly recovered from the broken hand which he suffered in the Still College game. He played in the Central Wesleyan game but hurt the hand again.

The officials of the game will be the same as for the other games which have been played here this year They are R. C. Lamke, referee; E. A. Tipton, umpire; W. N. Deatherage, head linesman.

Maryville High School students will attend the game in a body. They were presented with complimentary tickets by President Uel W. Lamkin at an assembly held at the High School yesterday afternoon.

While the College team is playing the Palmer eleven here, the High School gridders will be battling with Savannah High School at the Andrew County capital. Since 1917, when Savannah High School team was victorious over a Maryville eleven, students there have cherished the hope of repeating the performance, but thus far have never been able to turn the trick. With the news of Maryville's defeat by Chillicothe and Trenton, the Andrew Countians have been inspired anew.

The town is plastered with the slogan, "Beat Maryville," and the citizens are said to be overflowing with the spirit.

Dope, however, is against the Savannah hopefuls. The best the latter could do against the King City team was to play a tie game, while Maryville holds a 13-0 victory against the same opponent. While Oren Masters, a star at tackle, will be out of the game, Supt. L. E. Ziegler announces that he will send a stronger line-up against Savannah than that which faced Trenton.

The trip to Savannah will be made in cars, weather permitting. Students who wish to accompany the team as rooters will not be excused from their classes except on written requests from their parents.

Who Is Guilty?

When Robert Wolfers left for California some weeks ago, he had eighteen bushels of potatoes in his father's barn and the other day when men were sent to store them for winter, the spuds were gone, but who the thief is, no one knows for sure although the family have have a pretty good idea who took them and may get sufficient evidence to convict. There is too much thieving going on here and somebody will have to be made an example of before it is stopped.—Hopkins Journal.

UNION HEADS MAY CALL OFF STRIKE

CHANCES GOOD TODAY FOR PEACEFUL SETTLEMENT

NO FURTHER REDUCTION

Labor Board Assures Ten Wages Will Not Be Cut Again—An Ultimatum Ready

Chicago, Oct. 27—A peaceful settlement of the railroad strike seemed imminent this afternoon as the first session of the conference of the executive committee of the five brotherhoods adjourned. A definite decision to rescind the strike order appeared certain as the union executives left the conference, where Ben Hooper, spokesman of the railway labor board, had laid before them officially the board's assurances that no further wage reductions will be considered until the controversies over working rules are adjusted.

Chicago, Oct. 27—The railway labor board has prepared an order declaring the strike of the big five brotherhoods October 30, illegal and directhoods ing the heads of the brotherhoods to call off the strike. The issuance of the order will be withheld pending the outcome of the conference today by the executive committees of the brotherhoods. Chiefs of the rail unions will be given an opportunity to withdraw the strike order before the labor board issues a mandate that the strike is illegal and must be called off.

PUBLIC NOT TO GET ONE CENT FARE, AGENTS BELIEF

W. E. Goforth Has No Confirmation of Report About American Legion Convention.

W. E. Goforth, Burlington passenger agent, has received no confirmation of a report printed in Kansas City papers yesterday afternoon that the one-cent fare rate to the American Legion convention in Kansas City had been extended to the public within a radius of two hundred miles.

It is the opinion of the agent that the agreement of the railroads does not extend the one-cent rate to the public in general, but only makes less stringent the conditions upon members of the American Legion and their dependents, allowing them to wait until November 1 before starting. The original ruling provided that travel must start by October 31.

ASKS FUNDS FOR SALVATION ARMY

(Continued from page 1)

until 7:30 o'clock. When he returns, if he has really searched for work, he is given $1.50.

In its operation the plan interferes with no other work being done for the ex-service man. All of the ex-service men's organizations have been cordial in their co-operation. The American Legion, Knights of Columbus, Young Men's Christian Association, Jewish Welfare Society, National ex-service Men's Relief and many organizations for civilians also have given the most hearty approval of the plan and are co-operating in its working.

To secure expert aid in the matter of identifying the men, the Army asked them to bring a letter from some organization formed to assist ex-service men. The letter is to state only the fact that they have actually seen service with the American Army in the War. This not only gives the State Bureau expert advise, but relieves it of the necessity of setting up a machine to examine the applicant's credentials. It also weeds out those who pose as ex-soldiers and those who do not actually need the stake.

When the letter is presented at the State Bureau the bearer is given a printed introduction and recommendation from the Salvation Army to all prospective employers. Below the printed matter are blank ruled lines. These are for the signatures of the people called upon by the applicant. His duty is to secure the signature and address of every man he has asked for work during the day. A small per cent refused to sign the paper at first, but when they were acquainted with the purpose by the Chicago news papers, they gladly put their names on the dotted lines.

When the applicant returns to the bureau at night he is supposed to have each line filled with a name. In a few instances there have been empty lines, but in the main they have been filed. Not all the former fighters retain their old-time spirit and it is easy to discourage a man, particularly after he has had a long spell in the hospital. Some of them will never regain their nerve. "Something inside has broken," is the way the Buddy describes it.

The presentation of the slip of paper with its string of names calls for the immediate payment after 5:30 o'clock, of the day's stake. There is no red tape, nothing save the signing of a receipt. There is no delay unless he chances to come in ahead of the hour set for paying the stake. There is nothing that savors of patronage, no hint of a favor being bestowed. It is a straight business proposition and it is bringing results.

In the first day's search fourteen men out of fifty-one found jobs. Twenty-eight per cent, nearly. The second day there were twenty-one jobs located by seventy-one searchers. The third the day the number increased again and the Salvation Army is prepared to stake Buddies for the thirtieth day, and many more if necessary.

There is hope that the continued knocking on doors and the everlasting request for signatures will eventually break down the doors of factories and shops, closed to await better times. It is the personal touch, worked to the n'th power. Herbert Hoover's National Unemployment Body is authority for the suggestion that a thorough canvas be made for jobs and the Salvation Army knows of no more thorough canvasser than the man who is actually looking for the job. He will have an argument when the disinterested fellow will have failing words. There is something about the personal appeal of a man who has offered his life to protect his fellows that a real American can't resist.

At the outset it was suggested that perhaps the Army was "due for a trimming." Well-intentioned advisors, albeit they knew not for the fraternity of "Buddyism," said that he might loaf on the job. But the work cards, the cards carried by the hustlers for jobs, are full every night and the signatures are genuine. The soldiers are not out to trim those who were friends over there. In fact, they are not out to trim anyone, only they sometimes wonder why the people who made them such rosy promises as the trains pulled out of the depot for the training camps, don't make good on the promises. It's hard for a Buddy with gassed lungs or a shrapnel scar to get the viewpoint of a fellow who missed the big fight and wants to forget it ever happened.

Barter and Trade

The primitive instinct of barter and trade is the underlying principle of all our commercialism.

To make it possible for a man to sell some of his products to other men and buy their products, we have our present system of distribution.

Some men find fault with the system—some men find fault with everything—but when we stop to analyze the question we know that every service is a necessity.

One of the most useful branches of commercialism is banking. It costs little and yet it saves thousands of dollars in time and trouble.

URGE PLANTING OF TREES ON ROOSEVELT'S BIRTHDAY

Ohio Women Would Make Today a National Tree Day in Great American's Honor.

Cincinnati, Ohio, Oct. 27.—Plans for a national tree day in honor of Theodore Roosevelt on his birthday every year (October 27) have been taken up by the Ohio Federation of Women's Clubs in co-operation with the American Forestry Association of Washington. A resolution calls upon the nation to make October 27 a national tree care and tree planting day. Telegrams informing them of the action of the Ohio Federation were sent to Mrs. Warren G. Harding, Theodore Roosevelt, Assistant Secretary of the Navy; Mrs. Nicholas Longworth and Mrs. Theodore Rosevelt at Oyster Bay.

Programs in all the schools in honor of the former President and dedication of trees to his memory are two of the points in the resolution which was introduced by Mrs. Lyle S. Evans of Chillicothe, chairman of the committee on conservation. The American Forestry Association is asking every state federation to take up the National Roosevelt Tree Day.

In discussing the movement Charles Lathrop Pack, of Cleveland, the president of the American Forestry Association, said in part:

"In no other way can the people of America so finely honor Theodore Roosevelt, the great out of-doors American, than by planting trees in his memory. The people of America must have brought home to them the tremendous value of the frests, one of our greatest natural resources. In that work Theodore Roosevelt was the leader. * * *

The American Forestry Association asks you to work for a Roosevelt Day. Plant memorial trees, memorial avenues, roads of remembrance and even memorial forests in his honor. These will be the memorials he would have liked best. They will be memorials not alone of memory but memorials of service."

ACTION IS POSTPONED ON NEW WATER BOND ELECTION.

The city council last evening at Burlington Junction postponed action on the petition for an election to vote for a waterworks plant on account of the fact that it was an adjourned meeting. The next regular meeting will be held on the fourth Tuesday in November.

BAD BACK TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbor.

Mrs. J. W. Armstrong, 615 E. 2nd St., Maryville says: "Doan's Kidney Pills have been a household medicine in my family for years. My back and kidneys were in bad shape several years ago. Sharp shooting pains often caught me in the small of my back and always left my back in a weak condition. My kidneys were very irregular in action and this caused annoyance. I suffered dreadfully until I started to use Doan's Kidney Pills and a few boxes brought me great relief. I am very glad to recommend a medicine which is helping many people and I will always speak well of Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Armstrong had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

MRS. HAYDOCK SAVED FROM AN OPERATION

Followed Advice of Her Druggist's Wife and Took Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6824 St. Lawrence Avenue, Chicago Illinois.

Because Lydia E. Pinkham's Vegetable Compound saved Mrs. Haydock from an operation we cannot claim that all operations may be avoided by it,—but many women have escaped operations by the timely use of this old fashioned root and herb medicine.

SALADS FOR THOSE WHO LIKE CHEESE

Cheese often makes a delicious addition to a salad. The following recipes for salads in which cheese plays an important part are recommended by food specialists in the United States Department of Agriculture:

Cheese Jelly Salad

½ cup grated cheese
1 tablespoon gelatin
1 cup whipped cream
Salt and pepper to taste.

Mix the cheese with the whipped cream, season to taste with salt and pepper, and add to the gelatin dissolved in a scant cup of water. This may be molded in either large or small molds. When the jelly begins to harden, cover with grated cheese. The jelly should be served on a lettuce leaf, preferably with cream or French dressing to which a little grated cheese has been added.

Cheese and Pimiento Salad

Stuff canned pimientos with cream cheese, cut into slices, and serve one or two slices to each person on lettuce leaves with French dressing.

Cheese and Tomato Salad

Stuff cold tomatoes with cream cheese and serve on lettuce leaves with French dressing.

Cheese Salad and Preserves

Epicures have devised a dish which consists of lettuce and French dressing served with cream cheese and thick preparations of currants or other fruits preserved in honey or sugar. Owing to the fact that the seeds have been extracted by a laborous process, these fruit preparations are fairly expensive. The soft cheese often found in market is also relatively expensive. There is a suggestion in this dish, however, for others which are much less costly. Ordinary cottage cheese served with lettuce or other green salad and a small amount of rich homemade preserves, is a combination with much the same character, and very appetizing.

Deviled Eggs With Cheese

In making deviled eggs, either to be eaten alone or upon lettuce leaves in the form of salad, a little grated cheese may be mixed with the yokes in addition to the usual salad dressing and flavorings.

Plain Cheese Salad

Cut cheese into thin pieces, scatter them over lettuce leaves, and serve with French dressing.

Olive and Pimiento Cheese

Mash any of the soft cream cheeses and add chopped olives and pimientos in equal parts. This mixture requires much salt to make it palatable, the amount depending chiefly on the quantity of pimientos used. The mixture may be spread between thin slices of bread or it may be made into roll or molded, cut into slices, and served on lettuce leaves with French dressing.

Cheese balls are often served with salad. They are made of soft cream cheese, and are frequently combined with chopped chives, olives, sweet peppers, and nuts. Cooked egg yolk, spinach extract, etc., are sometimes mixed in for the sake of color. If the balls are rolled in chopped chives or parsley, both flavor and color are supplied.

Former Superintendent of Hopkins Public School on a Cross Continent Trip in Overland Chummy Roadster.

Prof. R. E. McCann, a former superintendent of the Hopkins public school, leaving here some sixteen years ago to accept a similar position in the schools of Spokane, Wash., stopped in Hopkins a few hours last Friday to renew old acquaintances here. He visited the school and remarked about the many improvements made since he was here and of the improvements soon to be added, saying that Hopkins is fortunate in having such a fine man s Prof. Somerville at the head, considering him one of the most proficient school men in the state. He also remarked about the advancement of Hopkins in general, there being no electric light plant, water works system or oiled streets when he was here.

Prof. McCann is accompanied by his wife and they are making a cross-continent trip in a chummy Overland roadster, starting from Spokane with Columbus, Ohio, the objective point. They camp out nights and are enjoying the trip very much, so far dodging the rains and finding the roads ideal for motoring. The professor retired from school work two years ago, buying a ranch in Idaho. He has now sold this and and expects to locate at Portland, Oregon.—Hopkins Journal.

Come On, You Corn Huskrs.

Last week the Hopkins Journal told of Loren Clark shucking 517 bushels of corn in five days and now comes Clen Gordon with a record of 120 bushels in one day, gathering three 40 bushel loads between daylight and dark. Can you beat it?—Hopkins Journal.

Everybody Go To Church
SUNDAY, OCTOBER 30th
WHY?

Contributions will be taken at each church of the county Sunday morning, October 30 for the Salvation Army. Go and contribute all you can, if you cannot attend send your share or hand it to the minister. This is the time for the ex-service men to show their appreciation of work done for them at the front and make it possible for the army to help others.

The Salvation Army is primarily what its name implies, an army for righteousness and the cause of God in the world. The opportunity is now given to help the army continue its rescue work. Nodaway county's quota is small, only $1,200. Let everyone contribute.

LET'S GO "OVER THE TOP!"

It is more comfortable to give than to receive for this cause.

Studebaker

This is a Studebaker Year

For the first eight months of 1921, our sales of *Studebaker Cars* were 41% *greater* than for the same period of 1920, and 101% *greater* than for the same period of 1919. For the same period, our sales of *Repair Parts* were 13% *less* than in 1920, and 3% *less* than in 1919.

On September 1st, 1921, there were approximately 116,000 more Studebaker Cars in operation than two years ago, and yet our parts business is 3% less than it was in 1919. This proves conclusively that—

Studebaker Cars are standing up in service and staying out of repair shops, to a degree unexcelled, we believe, by any cars of whatever price.

CANNOT BELIEVE BIBLE AND DARWIN, SAYS EVANGELIST

Preaches Sermon Last Night on Scriptural Foundation for "Missing Link" Discussion Tonight.

A slight change was made by Dr. D. C. Kellems in the sermon at the First Christian Church last night from the subject previously announced. His theme dealt in detail with the Bible as the Word of God. Many Scriptures were read showing the inspiration of the Bible and that the writers of it wrote as they were moved by the Holy Spirit.

"Paul was a great scholar, logician, lawyer, preacher and he said that 'all Scriptures are inspired of God and are profitable for doctrine, for reproof, for correction, for instruction which is in righteousness that the man of God may be complete, furnished completely unto every good work' and I believe Paul knew what he was talking about and I would rather have his word for it than any modern Divine on earth," declared the Evangelist.

"I am not afraid of the Bible ever being destroyed. It has withstood the attacks of its enemies through all the years and is read and believed by more people today than ever in its history. You can mention the names of scores of bad people who have been made better by the teachings of that old Book, but I do not know of a single person made better by the teachings of infidelity, destructive criticism or Darwinism. There is nothing to compare with the simple faith of the Christian in the Bible. It is nothing short of criminal to have anyone try to destroy that faith in the life of a single individual.

"I am giving you this lesson tonight to lay the foundation for what I want to say tomorrow night. I want you to know that this is the Book of God and I shall prove tomorrow night that no one can believe the Bible to be the will of God and believe the unproven theory of Darwinian evolution.

The sermon subject tonight will be "The Missing Link." A large crowd will no doubt be present, as great interest has been shown in the discussion of this topic.

Mrs. F. P. Rbinson sang most effectively at the service last night the old song, "When I Get to the End of the Way."

There were three additions to the church last night, making a total of one hundred and twenty-three that have been won to Christ through the local campaign.

GRAIN AND HAY RATES ORDERED CUT IN MISSOURI

Estimated Reductions, Effective By November 20, Will Total More Than $3,000,000

Jefferson City, Oct. 27—The state public service commission issued an order yesterday directing the railroads to make an estimated reduction in grain, grain products and hay rates of $3,607,900, based upon the present year's crop. The order of the commission becomes effective November 9 and the schedules must be effective and in full force by November 20.

It is said that Missouri is the first state that has ordered these reductions in state shipping rates following a recent reduction in the rates on the same commodities by the interstate commerce commission. The commission finds that the present state rates charged on wheat and corn have amounted to $131,000 greater for 192[illegible] than over a corresponding period in 1920.

BYRON MURRAY TO BE PRINCIPAL AT CLEARMONT

Succeeds Hubert Garrett, Who Takes Superintendency Left Vacant By Leslie G. Somerville

Byron Murray, son of Mr. and Mrs. George R. Murray of this city, has been selected as principal of the Clearmont High School to succeed Hubert Garrett, who became superintendent of the school there when the former superintendent, Leslie G Somerville, resigned to accept the position of county superintendent of schools on November 1.

Mr. Murray is a graduate of the Oregon, Mo., schools, and attended the University of Iowa two years. He will have charge of the English and mathematics departments at Clearmont.
